29TH EACD CONFERENCE 2017
STEPS INTO THE FUTURE

May 17 – 20 2017
RAI Convention Centre
Amsterdam, The Netherlands

www.EACD2017.org

Amsterdam, January 2016

Dear all,

On behalf of the general board of the European Academy of Childhood Disability (EACD) I am pleased to invite you for the 29th annual meeting from the 17th till 20th of May 2017, in RAI Convention Centre in Amsterdam, The Netherlands.

The EACD annual meeting is a leading multidisciplinary meeting in the field of pediatric rehabilitation for children with a disability, like cerebral palsy, neuromuscular disorders, spina bifida, autism, developmental coordination disorder, genetic and metabolic diseases. It is an opportunity to meet colleagues: pediatricians, pediatric neurologists, - orthopedic surgeons, - physiatrists, pediatric physiotherapists, occupational therapists, speech therapists and other paramedical professionals, psychosocial, orthopedagogical and technical professions in the field of pediatric rehabilitation, concerning patient care and scientific research. Also, parents/client organizations are involved in the conference. About 700 participants are expected from most countries in Europe, but also from the Middle East, USA, Canada and Australia.

The theme of the conference will be: **"Steps into the future"**, focusing new developments in the field of pediatric rehabilitation. Themes of the conference will be clinical use of movement analysis, long term effects of treatment, physical activity and fitness, assistive technology, development of data registers and organization of health care, family focused intervention, participation and autonomy in a life-long perspective. These themes are overarching for the different diagnosis groups.

RAI Convention Centre is a recently renovated modern convention center with sufficient possibilities for exhibitions, integrated in the conference venue. The airport Schiphol is nearby, with an excellent connection by public transportation. Schiphol has direct flights to most of the European cities and to many destinations in the USA, Middle East and Asia. The historic city of Amsterdam offers an excellent environment for a social program in a relaxing atmosphere.

On behalf of the local organizing committee of the department of rehabilitation medicine of VU University Medical Center Amsterdam, I am happy to offer you opportunities for exhibition and sponsoring at this leading conference in pediatric rehabilitation. Our department has an internationally leading position in pediatric rehabilitation, which will guaranty national and international contributions. Information about sponsoring the meeting you will find further on in this brochure.

Of course we will be happy to discuss any additional wishes you may have.

I look forward to welcome you as a sponsor of EACD 2017!

Yours sincerely,

Prof. dr. Jules Becher

Pediatric physiatrist, President of the EACD conference 2017

Sponsor options

To make the 29th EACD possible and affordable for professionals from a wide range of countries and organizations generous sponsoring is essential.

The 29th EACD is welcoming sponsor contributions from organizations that have a demonstrated interest in promoting new developments in pediatric rehabilitation and whose values are consistent with the values of the European Academy of Childhood Disability. The conference organizers reserve the right to make decisions about appropriate sponsors and to refuse sponsorship of organizations that do not match the values behind and the theme of the conference.

Sponsors will have no influence on the content of the scientific program. There is an opportunity to participate in the pre-conference symposia activities, satellite symposia or focus tracks. This will be in consultation with the president of the conference.

We welcome offers for unconditional sponsoring and also financial support for parts of the social program, like the welcome reception and the conference dinner (see additional items).
